Total Qualification Time (TQT) is the number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required in order for a learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification.

Total Qualification Time is comprised of the following two elements –

- *the number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and*
- *an estimate of the number of hours a Learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place as directed by – but, unlike Guided Learning, not under the Immediate Guidance or Supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.*

Guided Learning Hours (GLH) are defined as the hours that a teacher, lecturer or other member of staff is available to provide immediate teaching support or supervision to a student working towards a qualification.

- It is vital that you complete the registration information on the VLE prior to the submission of your first assessment work to your tutor. Your OAL registration will be processed at this time so that you are able to claim successful completion of your units and qualifications at the appropriate time. If you are not registered, you will be unable to claim your certificate, regardless of whether you have produced the work and been assessed as passing.

We would strongly recommend that you complete your studies and assessment work as soon as possible! To support you, a Completion Plan template is included within the course.

Your Tutor

Your tutor is personally assigned to you and their role is to offer advice, guidance and support for your learning, and to assess your work. Contact is made with your tutor via the online learning system. They should be your first contact in case of any query.

Assessment – Assignment

Each unit is assessed through the Centre Assessment Route by your tutor. Assessment activities have been developed by The Business School (UK) Ltd, which have been approved by OAL.

You should ensure that you read the Preparation for Submission document prior to commencing work on your assignment.

You should submit your assessment work or any queries regarding the assessment work to your tutor for assessment. Information on how to submit your assignment is within the Complete Site Guide under the Information tab on the system.

Your tutor will assess your work and complete a mark-sheet and give you feedback. You will be allowed one re-submission of your work. Once your tutor is satisfied that your work reaches the required standards, this will then go through a process of internal quality assurance within The Business School (UK) Ltd and then a process of external quality assurance through OAL. These procedures are laid down by the Awarding Organisation and are rigidly followed by The Business School (UK) Ltd. These are all administered through the online learning system.

Certification

Once you have successfully completed all the assessment work necessary for your qualification, your certificate will be claimed through the OAL external quality assurance process by The Business School (UK) Ltd. Please note that this may take up to 3 months, but you will be able to download a successful module completion certificate from the system at the end of each module.
